Reverse

Power
ON/OFF

Start Up

① Center all switches and joysticks.

② Hold Power button until all four loading process dots appear on the screen.

③ If "Switch Warning" appears, ensure all switches are turned off or centered (Winch Knob center), auto switch is set to Manual and arming is set to Disarm.

Arm EchoBoat-240™

① To arm EchoBoat's AutoNav, move arming switch to arming position then hold arming toggle switch up for 3 seconds. You will hear the EchoBoat AutoNav chime when arming is complete.

② To Disarm, switch the Arm switch to Disarm and hold arming safety switch for 3 seconds. The AutoNav will chime when disarmed.

Optional Long Range Module

1. Install R9M with antenna on the back side of the remote.

2. Plug in external 2s battery to the R9M.
