

Sonar UI

SeaBat T-Series - Quick Installation Guide*

Sonar User Interface¹

The Sonar User Interface software to be run on the customer-furnished laptop/PC is provided on the USB key that's delivered with your Teledyne RESON SeaBat system.

Installation²

- Plug in the USB key, and select the USB in Windows Explorer (if not automatically opened by the system).
- Open the folder Software Installers > Sonar User Interface Installer.
- Double-click the Sonar UI x.x.x.install operator PC.bat file to install or update the Sonar UI software.
- Follow the instructions from the InstallShield Wizard.
- Click Next to begin the installation of the Sonar UI.

• Select your desired setup.
